steel fittings, a water softening and purification system, a gas fireplace and a garage for 2 cars. Port Andratx is one of the most sought after areas in the southwest of Mallorca. Originally a fishing village with just a few inhabitants it has developed into one of the most expensive property locations in the world. Traditional fishing has been substituted by modern tourism, nonetheless the fishing fleet of the port is still active and returns with their catch to the port everyday of the year at 5 o' clock. Port Andratx offers a good selection of high quality restaurants and bars at the harbour front and a number of chic boutiques. You can reach the capital Palma de Mallorca and the international airport in about 25 minutes by car.
